Dear Teachers,

Thank you for your generous support of our Mother's Day Gift Bag Project at The Wish Project. Your donation of 30 complete Mother's Day gift bags on April 19, 2025 helps make it possible for us to distribute gift bags to over 1,000 Moms in the Merrimack Valley. These are women who are living in homeless shelters or are otherwise struggling to care for and support their families. Their priorities are food, shelter, clothing for their children, and that puts them last on the list.

With your generous support, each of these moms will receive a special present filled with personal care items and other gifts that usually don't fit into their budget. We hope these will brighten their Mother's Day, but more importantly, we hope that with every gift, an unspoken, but very clear message is delivered that "Someone Cares."

We here at The Wish Project are humbled by the generosity of donors like you. You amaze and uplift our spirits as well as those we help. We thank you so sincerely for your kindness and giving spirit.

Sincerely,
